POWER OF SCOTLAND

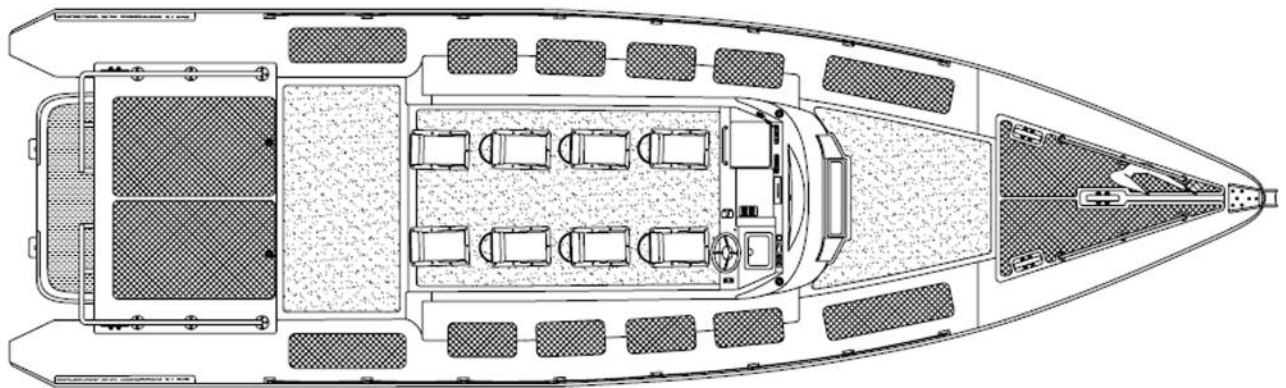

Power of Scotland is a Redbay Stormforce 11 metre RIB with great sea keeping capabilities. The well at the bow is well suited for cargo and a safe area for filming or visual surveys. The stern also has a large area for light cargo and often used to transport our inflatable dinghy when it is required. Being very manoeuvrable she is well proven for transferring personnel between vessels at sea and also berthing at tight piers. The cabin provides great shelter from the elements and has good all round vision. The canopy can also be removed for 360 degree vision.

- Category 3 MCA coding
- Bow well ideal for filming, camera mounts
- Good at ship to ship transfers and transferring light cargo
- Low free board at stern for divers
- Large load area at stern
- 10+2 seating
- Very stable vessel
- Good fuel economy
- Excellent sea keeping capabilities
- Suitable for surveying with removable canopy for extended vision
